## TET Trade Delegation to CAMEROON

### B2B Meetings

Douala | 4 February 2026

### Participant Catalogue

White Goods 

Electronics 

Cables 

Electricity Production and  
Distribution Equipments 

ELECTRICAL AND ELECTRONICS  
EXPORTERS' ASSOCIATION

**ELECTRICAL AND ELECTRONICS  
EXPORTERS' ASSOCIATION**

## Technological Advantages

- Efficient and up to date equipment capacity
- Production flexibility
- Production capacity in international standards
- Strong industrial structure
- Product diversity
- Well trained and experienced work force

## Geographical Advantages

- Short time of delivery
- Neighboring the largest markets in the world
- Largely suitable for both land and marine transportation
- Well developed logistics network

## Market Advantages

- An appealing conjuncture for both foreign and domestic capital investments
- EU Customs Union Membership
- Increased competitiveness in international markets
- New employment opportunities
- Start-up friendly legal arrangements
- Increased domestic market demand

# ABOUT TET

Turkish Electro Technology Exporters' Association (TET) is a semi-governmental agency which promotes trade activities of its members. It was founded on 1991 and it is subjected to Ministry of Trade.

We, as TET, are working for our 7.000 active member companies in order to improve trade volume and cooperation opportunities of electrical and electronics industries.

# ACTIVITIES OF TET

## CO-OPERATION

Developing co-operations with international institutions

## FAIRS

Organizing and participating in trade fairs

## DELEGATIONS

Arranging "Trade Delegations" & Organizing "Buying Missions"

## MONITORING & REPORTING

Monitoring and providing sectoral data, reports and market research analysis

**Türkiye**

# 1K POWER BUSBAR

## ABOUT US

Our company has 45 years of experience in industrial electrical and automation. For the last 14 years, we have been manufacturing friction and frictionless electrical transmission systems. Our goal is to be a company recognized and selling globally. We aim to establish dealerships in all countries.

## PRODUCTS AND SERVICES

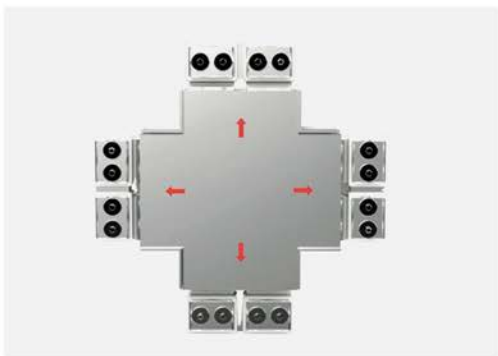

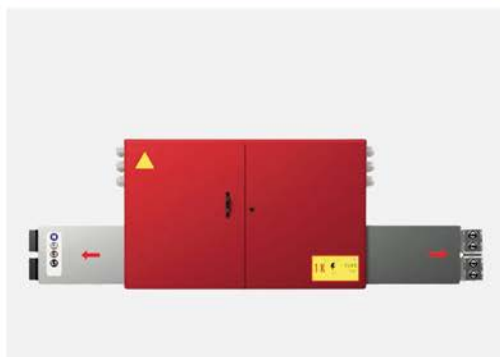

- Trolley Busbar
- Power Busbar
- C Rail Systems

## ABOUT US

ACK Lighting was established in 1996, Istanbul. ACK operates business from Turkey, China, and Serbia. ACK offers Lighting and Electrical products for wholesalers and tender attenders. ACK has an office in China which collects orders and send directly from China. ACK also has a factory which manufactures Made in Turkey goods in Istanbul with over 300 employers covered in 18.500 sqm area.

## PRODUCTS AND SERVICES

- Led Bulbs,
- Panels,
- Floodlights,
- Street Light,
- Strips,
- Batten Lights,
- Spots, Downlight.

# BORSAN CABLE

## ABOUT US

Established in 1984, Borsan manufactures power and low-voltage cables with copper and aluminum conductors at its integrated facilities in Samsun. As a Türkiye-based company, Borsan is part of the Borsan Group, which operates in diverse sectors, and is an integral part of the group's diversified structure with its investments in construction, healthcare, and free zone operations.

Borsan ranks among Türkiye's top 400 industrial enterprises and top 400 exporters, and stands out as one of Türkiye's leading industrial brands with its diversified structure and sustainable growth strategy.

As a holder of a supplier certificate approved by the Turkish Ministry of National Defense, Borsan strengthens its global brand journey through its inclusion in the TURQUALITY® support program. Operating from its management office in Batı Ataşehir, Istanbul, the company aims to double its production capacity by 2028 with investments launched in 2024.

Providing direct employment to approximately 540 people at its integrated production facilities established on an 80,000-square-meter area in Samsun, Borsan conducts its R&D activities under the roof of its R&D Center, approved by the T.C. Ministry of Industry and Technology. The company prioritizes creating maximum added value for its customers with innovative and sustainable products, continuously developing its product range, and effectively utilizing technology.

Borsan holds local and international quality certificates for the products it offers to domestic and international customers, including BASEC, CE, CPR, EAC, GOST, NF, REACH, RoHS, SII, TSE, TSEK, UL, and VDE. It also possesses the most extensive UL-approved product portfolio in Türkiye, with 97 AWM Style quality certificates.

## PRODUCTS AND SERVICES

With a portfolio of nearly ten thousand product types across 150 product families, in copper and aluminum power cables, specialty cables, and low-voltage cables, Borsan serves a wide customer network in both Türkiye and global markets, leveraging its strong manufacturing capabilities, flexible solutions, and quality-oriented approach.

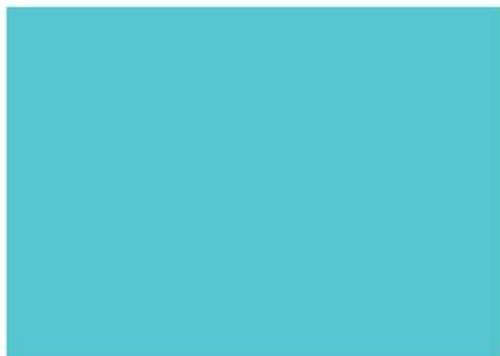

Borsan delivers value to its customers across Türkiye and in nearly 100 countries spanning four continents, by excelling in Quality, Cost, and Delivery performance. Exporting more than half of its production, Borsan holds a market-leading position in over 10 countries and supplies products to more than 350 international customers.

Similar to its cable manufacturing, the production of LED lighting and electrical installation materials is also carried out in an integrated manner by Borled, another Borsan Group company.

# GENPOWER GENERATOR

## ABOUT US

Genpower Generator, which started its activities in Ankara OSB in 2001, has been providing service to meet all energy needs since its establishment. It continues to offer the most reliable form of uninterrupted energy to its solution partners for 21 years through its state-of-the-art products. Genpower Generator has a wide import network of up to 120 countries with a 100% domestic and national production approach. Moreover, it has the feature of being the "world's largest generator factory" with its factory built on a 219,000 m2 land and with a 60,000 m2 closed area. It is one of the leading manufacturers in Turkey and the world, with its state-of-the-art production system and a generator production capacity of 60,000 units/year in its current factory environment. Genpower employs cutting-edge technology to produce a wide range of diesel and gasoline generators from 1 KVA to 3300 KVA along with welding generators, light tower generators, water pump generators, alternators, and synchronized systems, all characterized by efficiency and cost-effectiveness. Genpower Generator's widespread recognition, both domestically and globally, underscores its commitment to innovation and excellence in addressing power needs.

## PRODUCTS AND SERVICES

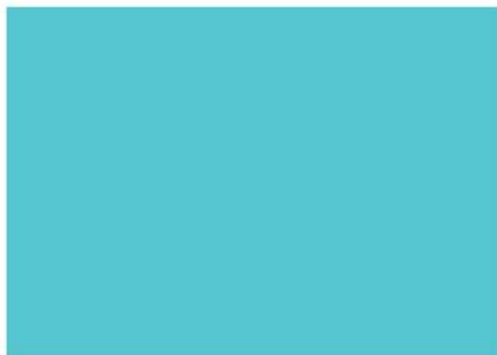

From 1 kVA to 3300 kVA;

- Diesel Generators
- Gas Generators (Natural Gas, Biogas, LPG)
- Portable Generators (Diesel & Gasoline)
- Light Tower
- Welding Generators (Diesel & Gasoline)
- Water Pumps

## ABOUT US

ESCO Elektrik excels in production, sales and marketing of equipments required in the installation of lightning protection and earthing systems.

Esco's purpose aligns with providing added value by offering the utmost pre- and post-sales services to our customers for a successful long term cooperation.

We aim to develop products with maximum benefit, working in a reliable and solution-oriented fashion.

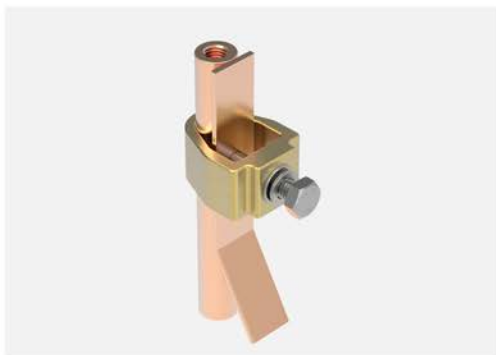

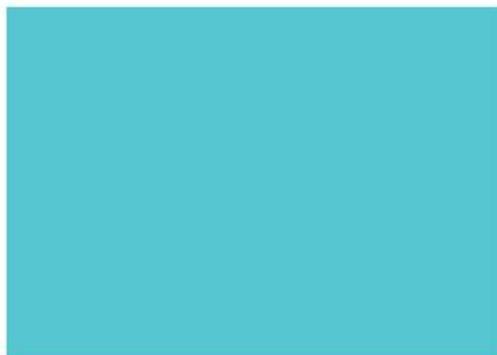

We acknowledge that ensuring a long term success depends on high quality service through our employees.

## PRODUCTS AND SERVICES

- Copper Earthing Tapes & Rods
- Copper Busbars
- Galvanised Earthing Tapes & Rods
- Flexible Tinned Copper Braids
- Copper, HDG and Brass Earthing Clamps
- Exothermic Welding Product
- Equipotential bonding bars
- Lightning Protection Material
- Active Paratoners
- ESE Paratoner

# FEDERAL ELEKTRIK

## ABOUT US

Federal Elektrik was founded in 1990, Federal Group provides services in low voltage automation and switchgear and gas meter.

4000 products and 35.000 different parts are produced in our facilities established on an area of 25.000 m<sup>2</sup> with one hundred per cent domestic capital. It has more than 600 employees.

We have offices and warehouse in 3 different countries including Turkey, Bulgaria and Saudi Arabia.

We export to more than 85 countries in the world.

We have government approvals in over 45 countries worldwide.

We have TYPE TESTS for all products, and we can offer many certificates as well.

We produce below groups;  
Vertical Fuse Disconnectors  
Miniature Circuit Breakers  
Moulded Case Circuit Breakers  
Contactors  
Residual Circuit Breakers  
Nh Fuses  
Horizontal Fuse Disconnectors  
Load Breakers  
Current Transformers  
Measurement Devices  
Din Rail Products  
Surge Protection Devices  
Thermal Relays  
Capacitors  
Panel Solutions

# HERMES EARTHING

## ABOUT US

Hermes Earthing is a producer of Earthing and Lightning Protection Materials having office in Istanbul Turkiye.

- Copper Strip
- Galvanized Strip
- Bare Copper Conductor
- Copper Earth Rod
- Copper Bonded Earth Rod
- Lightning Protection Ese Arrester
- Exothermic Welding Materials

Hermes Earthing References;

- ABU DHABI POLYMERS CO. (BOROUGE) - Abu Dhabi - UAE
- Assiut Airport Fuel Station - Assiut - Egypt
- Oil Gathering Well Hook-Up at West Qurna 2 - Basrah - Iraq
- Passenger Terminal of Tripoli Airport - Tripoli - Libya
- OOREDOO Omani Qatari Telecommunication - Umman
- 10MWp Naghlu Solar Power Plant - Kabul - Afghanistan
- America Spirit - Leimen Clinker Unloading Plant - Schelklingen - Germany
- Cap de Biches Project - Senegal
- AHMED SEKOU TOURE Interntinal Airport - Conacry – Gine
- Umniah Telecom - Amman - Jordan

## PRODUCTS AND SERVICES

- Earthing Materials.
- Lightning Protection Materials.
- Ese Arresters.
- Exothermic Welding Materials.
- Aircraft(Aviation) Warning Lights.

## ABOUT US

Sahra Kablo was established in Istanbul in 1968. For over 55 years, we have been supplying high quality aluminium energy cables and conductors to electric utilities, engineering procurement and construction companies worldwide. Despite rapidly changing market conditions, we prefer to maintain our position as a boutique manufacturer, and we are capable of producing custom-designed cables. We respond to the variable demands of customers in the market and are on the way to becoming a global company by increasing our production capacity.

## PRODUCTS AND SERVICES

- 1- Distribution&Transmission Utility Products
  - Aluminium Underground Power Cables, VDE certified NAYY(AL/PVC/ PVC), NAYCY&NAYCWWY under VDE process.
  - Armoured&Unarmoured, Concentric&Weaveform Screen, RE/ RM/SE/SM Conductors with 72 or 90 or 120 or 180 degree angles.
  - Aluminium Aerial Bundled Cables, XLPE or PE insulated, with Self Supporter or Alloy Porter
  - Aluminium Overhead Conductors, AAC, ACSR, AAAC, AACSR, ACAR
  - Beside typical utility products, Sahra Kablo is a dynamic player in the market, capable of providing Agile Solutions tailored to our partner's requests.
- 2- Aluminium Flexible Cables
  - Aluminium Extension Cables/Power Cords, DEKRA certified 07BQ-AF and 07BN4-AF, PVC/XLPE or HEPR/EPR insulation; Rubber, TMPU-PUR or any Elastomeric outer sheath
  - Aluminium Temporary Power Supply Cables, for Construction, Mining and Marine Electrification
  - Aluminium Mining&Tunneling Cables,
  - Aluminium Marine Cables,
  - Aluminium Grounding/Earthing Cables,
  - Aluminium Railway&Wind Turbine Cables,
  - Aluminium Custom Design Cables, as more lightweight and cost-effective alternatives to Copper Flexible cables
  - Lightweight Cables for Heavy Industries in Extreme Conditions.

## ABOUT US

Sersim İç ve Dış Ticaret A.Ş., under its renowned brand Simfer, stands as a leading Turkish manufacturer of both household and commercial cooling and cooking appliances. With roots stretching back over forty years, Simfer blends authentic Turkish craftsmanship with global ambition—today exporting to more than 150 countries.

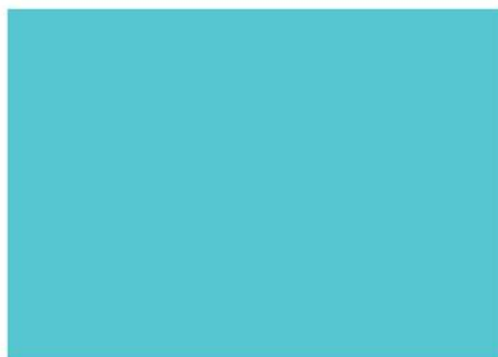

Sersim/Simfer stands as a trusted partner for cooking and cooling solutions that merge Turkish heritage, design excellence and global standards—making it an excellent choice for businesses or partners looking for quality and innovation in the appliance sector.

## PRODUCTS AND SERVICES

1. Household Appliances
  - Built-in and Freestanding Ovens – Multifunctional, energy-efficient designs.
  - Gas and Electric Hobs / Cooktops – Modern safety systems and durable materials.
  - Cookers and Range Cookers – Available in multiple sizes and finishes.
  - Range Hoods / Chimneys – Elegant, quiet, and powerful ventilation solutions.
2. Commercial Cooling Solutions
  - Bottle Coolers (Upright / Chest Type) – Ideal for supermarkets, cafes, and restaurants.
  - Display Coolers & Merchandisers – Glass door coolers for beverages and packaged products.
  - Mini Coolers & Countertop Fridges – Compact and energy-efficient cooling units.
  - Wine Coolers – Single and dual zone wine cabinets for professional and domestic use.
  - Ice Cream Freezers & Deep Freezers – High-capacity freezing systems for retail and catering.
3. Professional Kitchen Equipment
  - Refrigerated Counters and Cabinets – For hotels, bakeries, and food-service operations.
  - Cold Display Units – Suitable for desserts, fresh foods, and beverages.
4. Services
  - OEM & ODM Manufacturing – Customized design and production for global brands.
  - After-Sales Support & Spare Parts Supply – Dedicated technical and logistics service.
  - Project-Based Solutions – Tailor-made commercial cooling solutions for business partners.

## ABOUT US

Sigma Elk is a member of the Ünlü Group, delivering innovative low-voltage electrical protection products and solutions for both domestic and international markets. Established in Istanbul in 1993, the company began by producing automatic fuses and low-voltage circuit breakers and has operated under the Ünlü Group since 2009.

Ünlü Group has supported the Turkish economy since 1992 through manufacturing and export activities in textile, construction, and foreign trade. The group's main site in Sancaktepe, Istanbul covers 26,000 m<sup>2</sup> and employs over 1,500 people. Sigma Elk's factory, also located in Sancaktepe, employs more than 320 skilled professionals.

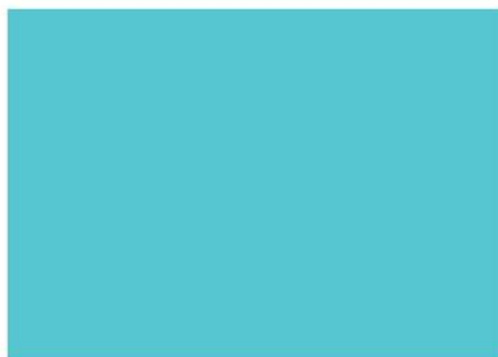

Sigma Elk designs and manufactures a range of low-voltage protection equipment, serving customers through distributors in more than 50 countries across Europe, South America, Africa, Asia, Australia, and the Middle East. The company combines local manufacturing capability with competitive pricing to deliver reliable products to both domestic and global markets.

Quality and customer satisfaction are core priorities. Sigma Elk operates under ISO 9001 and ISO 14001 frameworks, holds national and international certifications including TSE and ASTA, and ensures compliance with international standards (IEC, EN) and EC regulations, with products bearing the CE mark. All incoming raw materials are laboratory tested to international standards, production is subject to continuous process control, and final inspections are completed prior to shipment.

## PRODUCTS AND SERVICES

- LV Moulded Case Circuit Breakers (MCCB)
- Low Voltage Air Circuit Breakers (ACB)
- Automatic Transfer Switches (ATS)
- Fuse Switch Disconnectors (FSD)
- Miniature Circuit Breakers (MCB)
- Residual Current Circuit Breakers (RCCB, RCBO)
- NH Fuses
- Modular Products
- LV Surge Protection Devices
- Power Contactors
- Rotary Cam Switches
- Motor Protection Switches
- LV Current Transformers
- Measurement Devices
- Relays
- Compensation Products
- 800V AC and DC Renewable Energy Products

# SWORD ELECTRICALS

## ABOUT US

Sword Electricals was established to supply a comprehensive range of electrical goods from Türkiye to the global market. Leveraging 20 years of experience in the sector, the company has developed a focused strategy on the African market, where it holds strong, verifiable references as follows

Sword Electricals References;

- Husky - Takona & Tanzania (Grain Milling)
- Uganda Csd Plant (4,5 Mio \$) Uganda (Carbonate Soft Drinks & Cola)
- Mill E 2024 BFM - Tanzania (Grain Milling)

# UNTEL CABLE

## ABOUT US

UNTEL KABLO is one of the leading cable producer of Europe for industrial cables for more than 50 years. We are committed to our philosophy of being a true partner where our clients need us the most For details please visit: [www.untel.com.tr](http://www.untel.com.tr)

The main sectors-industries that we are serving are; Factories / power plants / marine & offshore / oil & gas / mining-tunnelling Airport / railways / cranes and many other industries. In our new high tech factory, with more than 250 people we produce various type of cables and export more than 70 countries.

Our main scope of supply;

- All type of Rubber Cables
- Airport Lighting Cables
- Mining & Tunneling Cables
- Shipboard and Marine Cables
- Offshore Cables
- Instrumentation Cables
- Railway Cables
- Flat PVC & Flat Rubber Cables & Well Pump Cables
- Medium Voltage up to 45 kV Rubber Cables
- Welding Cables
- Crane Cables
- Fire Resistant Cables
- PUR cables
- Signal and Control Cables
- Custom - Tailor Made Cables

UNTEL KABLO has been certified with ISO 9001 – ISO 14001 and ISO 18001 as well as well-known other international bodies like VDE, DNV, UL, ABS, LR, BV, FAA, MAK, KEMA, EAC, RMRS and from many others.

UNTEL KABLO is currently a "preferred supplier" shortlisted with many authorities. Our company offers years of experience in the market to your service, matching the best quality and good prices with your needs.
